

# GYM CODE AGREEMENT

You are responsible for leaving the area as you found it.

Once you have entered through the pantry door you will then need to open the front glass doors. These can be opened using the hex key that is kept on top of the red fire box by the glass doors. When you are done you will need to relock the doors before you leave. Please be sure to put the hex key back where you found it.

The light switches are on the wall outside of the maintenance room door. Please be sure to turn them off before you leave the building.

You are responsible to see that the building is secure during your usage.

**I understand and accept my responsibility for cleanup and security.**

**I agree that if any damage is done to any equipment in the FLC during my event, I will replace such item.**

**I AGREE TO NOT SHARE THE CODE WITH ANYONE ELSE.**
